

Knights of Pi Math Tournament – May 16, 2009

Puzzle Round 5th/6th

Names _____ Team Grade _____

School _____ Team Number _____

Directions: Fill in each one-word answer in the space indicated for that question, one letter per space, as far left in the grid as possible. **You will not use all the spaces!** Once you have solved all 10 questions, use the circled letters, in order, for the final problem.

Question	Letters of Answer										0/5	0/5
1				○								
2			○									
3		○										
4				○								
5			○									
6								○				
7	○											
(see below) **	○											
8							○					
9								○				
10				○								

**The answer to this question is a number—the difference between the number of letters in answer 9 and the number of letters in answer 3. Fill only the leftmost square.

Final Problem										
---------------	--	--	--	--	--	--	--	--	--	--

First Score	Final Score
